Post Graduate Certificate in Academic Professional Practice (PGCAPP) Course Timetable Sept. 2026

Designed to provide an opportunity for educators working at Coventry University to engage in initial and continuing professional development in teaching and supporting high-quality learning, the PGCAPP is central in supporting the strategic theme of Education and Student Experience as part of the 2030 Group Strategy. Employing an integrated model of course design, academic credit at level 7 and professional recognition with Advance HE, as Associate Fellow and Fellow, are assessed and awarded simultaneously at the end of each module as illustrated below.

September- December 2026	January - April 2027	May – August 2027
Module 1 7053CRB: Developing and Enhancing Academic Professional Practice	**Module 2** 7077CRB: Developing and Enhancing Assessment and Feedback	**Module 3** 7078CRB: Designing Curriculum in a Higher Education Context
Associate Fellow Descriptor 1, PSF 2023	**Fellow** Descriptor 2, PSF 2023	

The PGCAPP course ethos is participative and inquiry-based, with time allocated for individual thinking, critical reflection, and peer discussion. We value collaboration with others to enhance practice and invite participants to view this as a golden thread woven throughout each module of the course. To support this approach, learning activities are facilitated via asynchronous self-guided materials on Aula, and synchronous group study sessions as workshops and tutorials via MS Teams. All workshops are scheduled to take place on Wednesday from 10am-12pm. Multiple iterations of tutorials will be offered to allow participants to self-select the time to attend. These dates and times will be shared with participants ahead of each of the three modules. In this way, both workshop and tutorial sessions offer time and space to get together with peers and share/exchange questions arising from the self-guided materials and collectively enhance practice across subject discipline boundaries. Please do make a note of the timings for all synchronous sessions as attendance at these is mandatory throughout the course.

A timeline for each module is included on page 2-4 of this document. Please note that this is a draft timetable and as such may be subject to minor amendments. Any changes will be communicated with you via your staff email and/or Aula. If you have any questions, ideas or suggestions please do get in touch and we will be happy to help
